

Mežābeles

Holidays house

It is an ideal place for families and tourist groups — to experience the flavor of Latgale, peace, and the harmony of nature. We are situated in an ecologically clean, protected area by Lake Dridzis — one of the deepest and clearest lakes in Latvia. The place is surrounded by forests and meadows, the songs of birds can be heard, and countless natural remedies are all around.

“Lake Drīdzis Soup” - a special culinary adventure. Enjoy a unique experience: soup cooked by the hosts from fresh fish from Lake Dridzis, prepared right on the lakeshore over a live fire. After a walk or excursion, guests (in groups of up to 50 people) are invited to warm soup lunches. Eating by the lake becomes a true ritual – accompanied by honey and herbal tea from their own apiary and garden.

Honey and Flower Therapy at “Mežābeles”- discover the secrets of nature and bees: a story about flower and tree therapy, a tour of a bee apiary where you can watch the bees at work and learn about the health benefits of apitherapy. Apitherapy. Guests can go for walks, swim in the lake, fish, warm up in the sauna, or simply enjoy the tranquility of nature.
